## Value proposition

Reduce the time and costs associated with managing keys due to frequent turnover

Mitigate risks associated with lost or stolen keys, provides a detailed audit of events

Enhance security with more visibility and control

Increase satisfaction by enabling convenient access to shared spaces

Increase efficiency by enabling updates to occur from virtually anywhere

Integrates seamlessly into existing EAC systems<sup>1</sup>

<sup>1</sup> Requires Alliance member software; consult your Allegion rep for details

## Popular applications

- Ideal for new construction and retrofit openings
- Indoor/Outdoor rated for perimeter applications

- Suite entries
- Offices
- IT Rooms
- Equipment rooms
- Conference rooms
- Shared restrooms

- Multi-family
- Student housing
- Senior living
- Military housing

- Common areas
- Amenities
- Storage areas
- Shared spaces

- Residence halls
- Classrooms
- Laboratories
- Administrative offices
- Records rooms

Note: images placed for visual reference; NDE and LE can be interchanged for most applications

## Schlage NDE Features

- Suites with Schlage ND Series mechanical and wired electrified options
- Fits standard 161L cylindrical prep
- Installs in minutes with just a Phillips screwdriver
- Weather-resistant design for perimeter applications
- Functions:
  - Storeroom function with Vandlgard®
- 3 popular lever styles
- 9 finishes
- Lever handing is field reversible in seconds, no tools required
- Certifications:
  - ANSI/BHMA A156.25 (Indoor/Outdoor)
  - ANSI/BHMA Grade 1
  - UL 10C (3-hour fire rated), UL294, FCC Part 15, ADA, RoHS, Industry Canada

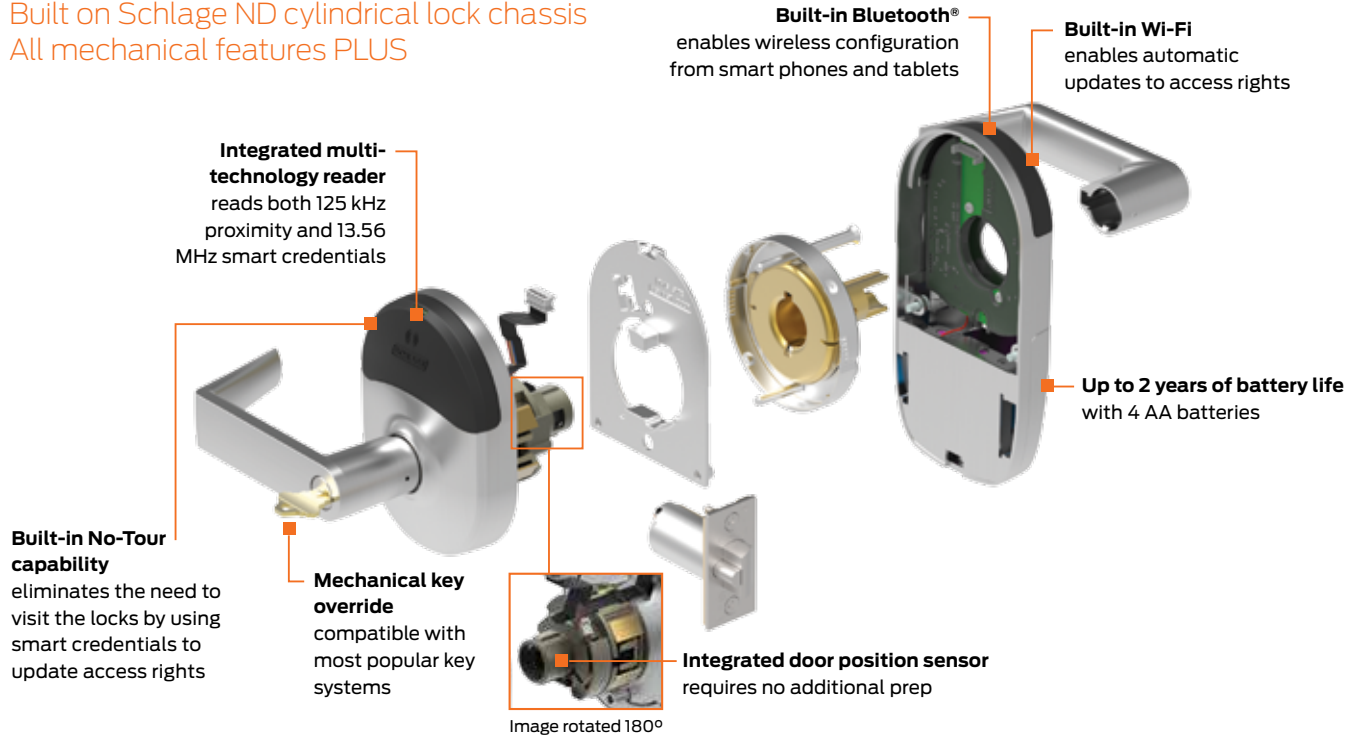

# Schlage NDE wireless cylindrical lock

Built on Schlage ND cylindrical lock chassis

All mechanical features PLUS

## Schlage LE features

- Suites with Schlage L Series mechanical and wired electrified options
- Fits standard mortise prep
- Installs in minutes with just a Phillips screwdriver
- Weather resistant design for perimeter applications
- Chassis Type/Functions:
  - MS with LED Indicator for Storeroom
  - MB with Interior Push Button & LED for Privacy, Office, Apartment
  - MD with Deadbolt & LED for Privacy & Apartment
- 28 popular lever styles and 2 knobs
- 9 finishes
- Certifications:
  - ANSI/BHMA A156.25 (Indoor/Outdoor)
  - ANSI/BHMA A156.13 Grade 1
  - UL 10C (3-hour fire rated), UL294, ULC S319
  - FCC Part 15, IC RSS-210
  - ADA ICC ANSI A117.1
  - RoHS

# Schlage LE wireless mortise lock

Built on Schlage L mortise lock chassis  
All mechanical features PLUS

**Integrated multi-technology reader**  
reads both 125 kHz proximity and  
13.56 MHz smart credentials

**Built-in No-Tour capability**  
eliminates the need to visit the locks  
by using smart credentials to update  
access rights

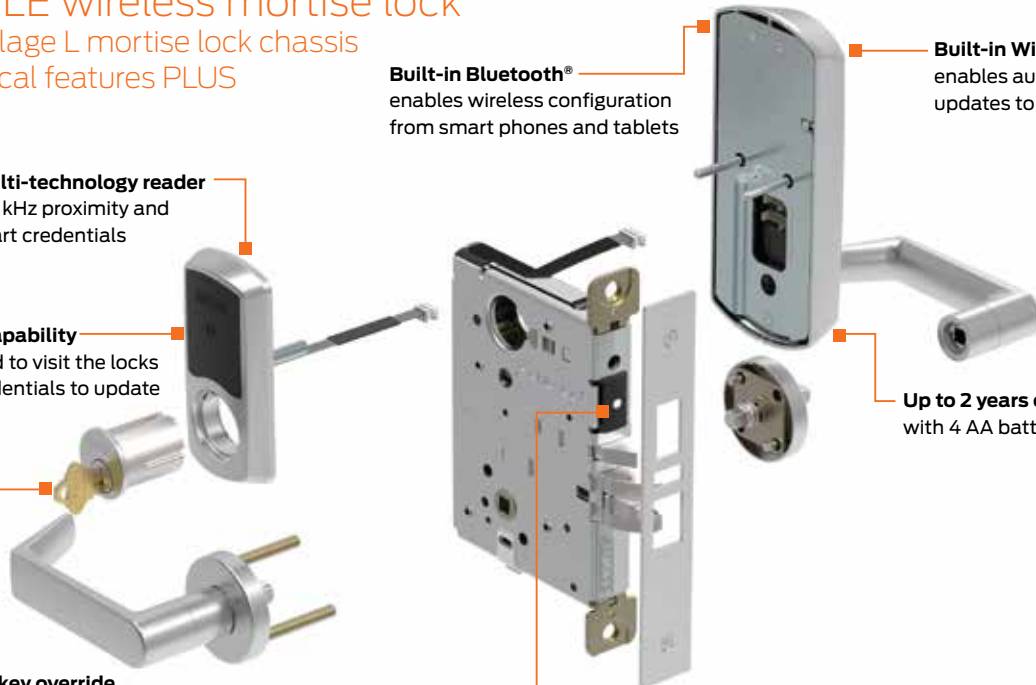

**Mechanical key override**  
compatible with most  
popular key systems

**Built-in Bluetooth®**  
enables wireless configuration  
from smart phones and tablets

**Built-in Wi-Fi**  
enables automatic  
updates to access rights

**Up to 2 years of battery life**  
with 4 AA batteries

**Integrated door position switch**  
requires no additional prep on MS  
and MB chassis options

## Schlage Control™ features

- Options include Schlage Control™ Deadbolt and Interconnected lock
- Keyless, no cylinder design – bump and pick proof
- Fits standard door prep
- 13 lever designs
- 5 finish options
- Certifications:
  - 90-minute UL listed A 156.12 Grade 2 ANSI/BHMA certified

- Use MT20W wireless enrollment reader to enroll credentials for No-Tour solution

## Cylinders - applicable on NDE and LE only

NDE			LE		
	PD	With Cylinder 5- or 6-pin Schlage Everest 29 S123 (standard)	P	<ul style="list-style-type: none"> <li>1-1/4" to 1-1/2" cylinder lengths support 1-3/4" door thickness</li> <li>1-3/8" to 1-5/8" cylinder lengths support 2" door thickness</li> <li>1-1/2" to 1-3/4" cylinder lengths support 2-1/4" door thickness</li> </ul>	 
	ZD	With Cylinder 7-pin Schlage Everest SL <sup>1</sup>	Z		
	LD	Less Standard Cylinder	L <sup>2</sup>		
	RD	With Cylinder 6-pin FSIC Schlage Everest 29 S123 (standard)	R	<ul style="list-style-type: none"> <li>Requires 1-1/2" cylinder length - works on all door thicknesses supported by LE (1-3/4" to 2-1/4")</li> </ul>	 
	JD	Less Cylinder 6-pin FSIC	J		
	GD	With Cylinder 7-pin SFIC Schlage Everest 29 R (standard) <sup>1</sup>	GD	<ul style="list-style-type: none"> <li>Requires 1-3/8" length - supports 1-3/4" to 2" door thicknesses</li> </ul>	 
	BD	Less Cylinder 6- or 7-pin SFIC	BD		

Additional options available, please refer to Price Book for details

NDE: LD SAR, JD SAR, JD CO6 and JD YA6

LE: T construction core, HD construction core and BDC disposable core

1. Factory master keyed only.

2. LE cylinder length must be at least 1-1/4". If retrofit application, please confirm existing cylinder length meets LE requirement.

# Credentials

There are many similarities between levels of security in keyways and credentials; choose the best fit for the application.

Similar security levels			
	Key	Electronic credential	Applications for electronic credentials
High security	Primus® XP restricted keyway <ul style="list-style-type: none"> <li>▪ Highest level of keyway security</li> <li>▪ Cannot be duplicated without manufacturer's authorization</li> </ul>	Smart card - MIFARE DESFire EV1™ <ul style="list-style-type: none"> <li>▪ Most secure card available</li> <li>▪ Advanced data encryption makes duplication nearly impossible</li> </ul>	<ul style="list-style-type: none"> <li>▪ New or existing installations</li> <li>▪ Applications beyond access control including vending, parking, secure printing, and more</li> </ul>
Restricted	Everest 29™ restricted keyway <ul style="list-style-type: none"> <li>▪ High level of security</li> <li>▪ Difficult to make unauthorized copies</li> </ul>	Smart card - MIFARE® Classic <ul style="list-style-type: none"> <li>▪ Secure encrypted data</li> <li>▪ More difficult to duplicate</li> </ul>	<ul style="list-style-type: none"> <li>▪ Existing installations</li> <li>▪ Migration to MIFARE DESFire EV1™ is recommended</li> <li>▪ Applications beyond access control including vending, parking, secure printing, and more</li> </ul>
Open	Classic keyway <ul style="list-style-type: none"> <li>▪ Most common keyway</li> <li>▪ No restrictions on duplication</li> </ul>	Proximity card <ul style="list-style-type: none"> <li>▪ Most common credential type</li> <li>▪ Easily duplicated</li> </ul>	Proximity card (NDE & LE only) <ul style="list-style-type: none"> <li>▪ Existing installations</li> <li>▪ Migration to smart technology is recommended</li> </ul>

Note: Schlage Control is compatible with Smart credentials only.

# ENGAGE Apps with Schlage® Control™, LE, and NDE

Manage site from anywhere with ENGAGE™ cloud-based web and mobile applications

- Configure lock settings
- Add new users and enroll credentials
- Manage users and assign access privileges
- **New!** Set lock schedules, holidays, user schedules
- View & export audits and alerts
- Invite others to assist with administration

## Immediate updates

Send updates at the lock, anytime, with the ENGAGE mobile app.

## Automatic daily updates

Connect locks to the Wi-Fi network for automatic daily updates.

## No-Tour via smart credentials

Use smart credentials<sup>1</sup> to update access rights to the lock.

<sup>1</sup> Requires MT20W enrollment reader

# ENGAGE™ cloud-based web and mobile apps

Easy, turn-key solution for multi-family, mixed-use, and commercial properties.

Capabilities	NDE and LE	Control™
Number of sites	One	One
Number of locks	Up to 100	Up to 100
Number of users	Up to 5,000 <sup>1</sup>	Up to 5,000 <sup>1</sup>
Number of audits (lock history & alerts)	Up to 100,000 <sup>2</sup>	Up to 100,000 <sup>2</sup>
Assign 24/7 access	Yes	Yes
<b>New!</b> Assign user schedules	Up to 16	Up to 16
<b>New!</b> Assign lock & unlock schedules	Up to 16	N/A
<b>New!</b> Assign holiday schedules	Up to 32	N/A

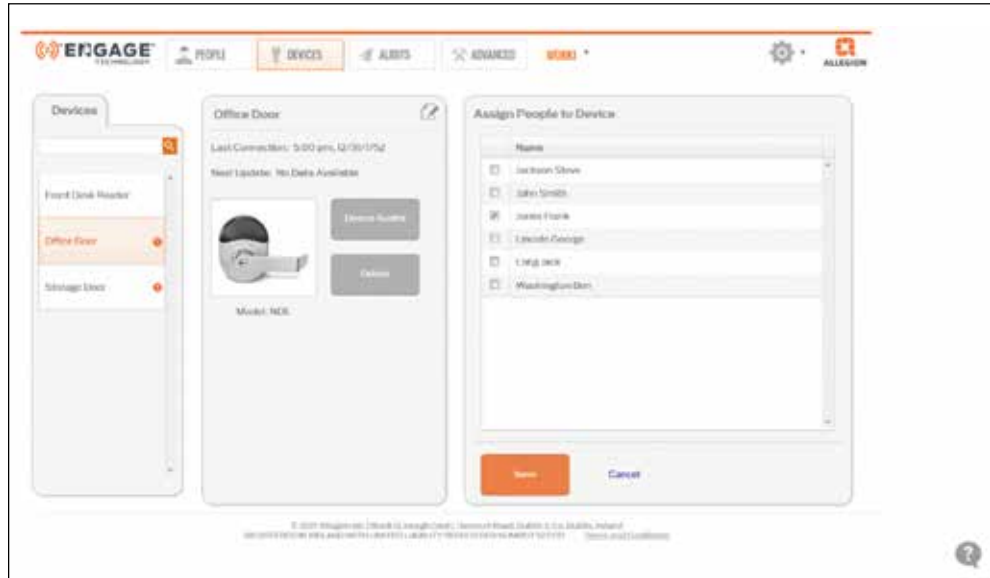

1. ENGAGE can manage up to 5,000 users. Each NDE and LE lock can manage up to 5,000 users and each Control lock can manage up to 500 users.

2. ENGAGE can hold up to 100,000 audits. Each NDE and LE lock can hold 2,000 and each Control lock can hold 1,000.

See ENGAGE web and mobile app datasheet for complete details.

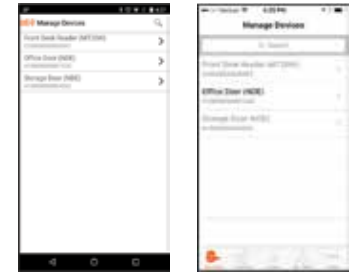

ENGAGE™ web and mobile apps make it easy to manage users and locks, from anywhere

Example: assigning user access to a door with the ENGAGE web app

Example: managing lock settings/adding new locks with ENGAGE mobile app
