

Lites and louvers

Advantage Lites & Louvers

Door louvers and vision lites for a wide variety of applications

Allegion's extensive line of lites and louvers for standard wood and metal doors satisfies designer requirements for both functionality and aesthetics. We offer a full range of UL certifications for our vision lites to help meet door security needs for code compliance and life safety.

BAA/TAA BUY AMERICAN COMPLIANCE

- Vision lites and door louvers are manufactured and assembled in the USA. Most products meet BAA/TAA, excluding SLIMPORT vision lites and some fasteners.

MINIMUM ORDER

- \$50.00 net

CLAIMS

- All claims for shortage or improper filling of an order should be made within 10 days of receipt.

RETURNS

- No returns accepted without prior authorization. Returns should be made within 30 days of authorization, freight prepaid, 45% restocking and handling charge. Returns made after 30 days from the date of delivery will receive a credit to customer account to be applied to future orders. Nonstandard and specialty fabricated items are not returnable.

CANCELLATION CHARGE

- 20% if order is fabricated and packed.

TERMS

- Net 30 – Payable in U.S. currency.

WARRANTY

- See Advantage price book for warranty information.

Advantage Lites & Louvers is committed to ongoing product improvement through design enhancements and manufacturing advances. Accordingly, catalog specifications, product availability and price are subject to change without notice.

Slimport™ Vision lites

Our SLIMPOR™ circular metal vision frames are suitable for installation in doors, walls and partitions. They feature a unique, flush-fitting design with counter-sunk holes and mounting screws around the bevel on one side for a clean appearance and to prevent tampering.

- For use with 1 3/4" (44mm) doors
- 1/4" (6.4mm) glass
- Slimport™ frames are available in four finishes
- Glass supplied by others

Specifications

Product number	Order/rough cut diameter	Clear vision	Actual glass diameter	Overall frame diameter
SP250	9.84" (250mm)	7.87" (200mm)	8.78" (223mm)	11.22" (285mm)
SP350	13.77" (350mm)	11.81" (300mm)	12.72" (323mm)	15.15" (385mm)
SP450	17.71" (450mm)	15.75" (400mm)	16.65" (423mm)	19.09" (485mm)
SP550	21.65" (550mm)	19.69" (500mm)	20.59" (523mm)	23.03" (585mm)

Material & finish

GV	18 gauge cold rolled steel, zinc-plated finish (for color coating)
CP	18 gauge cold rolled steel, chrome pearlite silver-plated (to match satin anodized aluminum)
SS	Grade 304 stainless steel, satin finish
PS	Grade 304 stainless steel, polished finish

Installation

The Slimport low projection porthole is available in four diameters and offers concealed mounting one side, and attached through the bevel on the other side. The mounting screws pass through the door cut-out and fasten to the opposite side of the vision frame, eliminating the need to drill the door for thru bolts. They are designed for flush fitting to both steel and wood doors.

Slimports are supplied with matching steel or stainless steel 4.2 x 25mm self-tapping screws, raised counter-sunk Phillips recessed head.

Accessories

Door support clips (Optional)

134C Used for optional reinforcement of 1³/₄" hollow metal doors

- 20 gauge steel
- 4" length clip
- For spot reinforcement of cut-outs in hollow metal doors
- Advantage lite kits on fire-rated hollow metal doors do not require door support clips or channels welded in the doors.

Glazing tape

Used with fire-rated vision lites

Closed cell PVC Foam

8716V PVC Foam glazing tape 1/16" thick x 3/8" wide – 200' roll

8718V PVC Foam glazing tape 1/8" thick x 3/8" wide – 100' roll

- Closed cell PVC foam glazing tape with adhesive both sides
- Color is black
- For use in lite kits on UL10C positive pressure fire-rated wood or steel doors rated up to:
 - 90 minutes with SuperLite™ I-W Fire-Protective Wired Glass
 - 180 minutes with Pyran® Platinum F Fire-Protective Ceramic Safety Glass

FS2002-062-.500X1800-PSA

Intumescent glazing tape 1/16" thick x 1/2" wide – 21' roll

- Intumescent glazing tape with adhesive one side
- Color is black
- For use in lite kits on UL10C positive pressure fire-rated wood or steel doors using 1/4" fire-protective wired glass, up to 90 minutes

Attachment screws

7823Z Optional sheet metal screw pack (order separately from kit) for thru-bolt XX models. 12 screws per pack.

7824 Optional wood screw pack (order separately from kit) for thru-bolt XX models. 12 screws per pack.

(Note: Thru-bolt applications require double the number of SMS screws.)

(Note: Use of accessory mounting screws voids UL and fire ratings on all XX model lites and louvers.)

About Allegion

At Allegion (NYSE: ALLE), we design and manufacture innovative security and access solutions that help keep people safe where they live, learn, work and connect. We're pioneering safety with our strong legacy of brands like CISA®, Interflex®, LCN®, Schlage®, SimonsVoss® and Von Duprin®. Our comprehensive portfolio of hardware, software and electronic solutions is sold around the world and spans residential and commercial locks, door closer and exit devices, steel doors and frames, access control and workforce productivity systems.
