

AdaptivIQ

THE PROBLEM

HVAC
PRESSURE

WEATHER

TEMPERATURE

Doors are impacted by environmental factors that cause variations in the door's operation, resulting in **FREQUENT TRIPS TO THE DOOR TO MAKE ADJUSTMENTS** as conditions change.

THE SOLUTION

AdaptivIQ **AUTOMATICALLY ADJUSTS** to its environment to deliver **CONSISTENT OPERATION** across all four seasons.

UTILIZE BRAKING

to mitigate pressure

INCREASE FORCE

to overcome resistance

AdaptivIQ

BENEFITS

*Optimized performance
with less trips to the door.*

SAFETY AND SECURITY

We connect **AdaptivIQ** with **SMART POWER BOOST** to ensure reliable door latching without the risk of slamming.

SMOOTH OPERATION
*{to prevent
damage or injury}*

TOTAL CONTROL
*{to ensure the door
latches properly}*
