SCHLAGE

XE360 Series

Performance Series

XE360™ Series Wireless Mortise Lock

The XE360 Series is Schlage's next-generation wireless lock for multifamily and light commercial properties, combining innovation, intelligence, and reliability in a sleek design.

It works with popular access control systems, supports modern credentials, and—via open architecture—can be managed by Allegion software or integrated with PACS and PropTech Alliance partners. Available in tubular, mortise, and exit trim, it complements other Schlage families.

For more details, visit commercial.schlage.com/xe360.

Schlage Performance Series™ Mechanical Locks

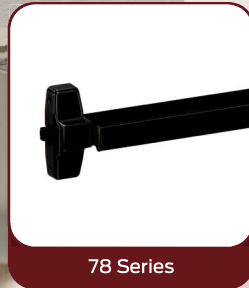

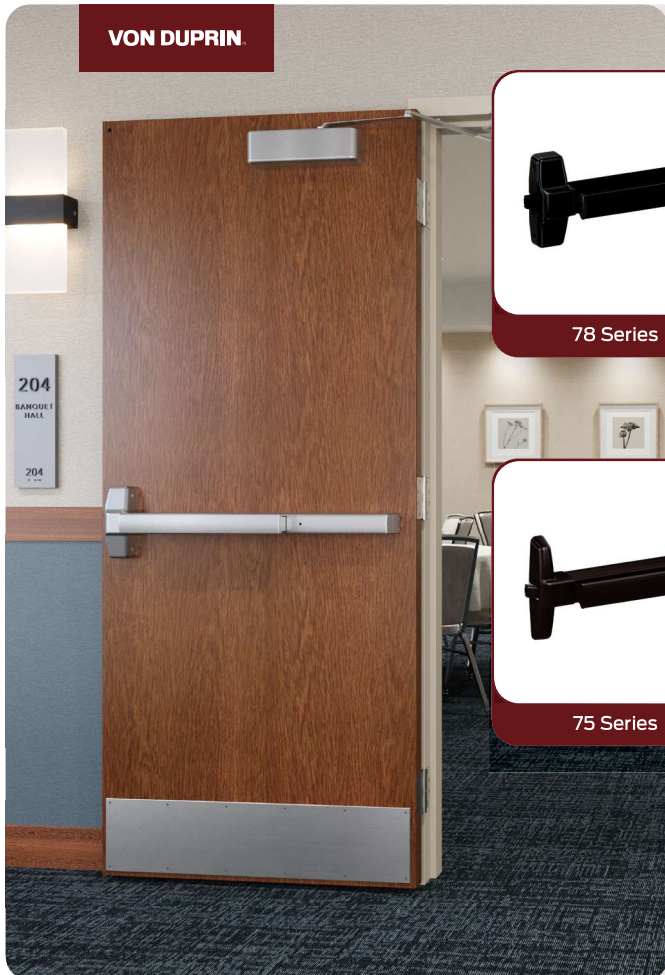

Schlage Performance Series locks bring trusted Schlage reliability to projects where budgets matter and applications call for quality and security.

The Schlage Performance Series includes the following models:

- Grade 1 mortise locks with 26 functions, 10 lever styles, and 6 finishes.
- Grade 1 cylindrical locks offering 8 functional options, 8 lever designs and 6 finishes.
- Tubular locks with 4 functions, 10 lever styles, and 6 finishes.

For more details, please visit commercial.schlage.com/performance.

VON DUPRIN

78 Series

75 Series

Von Duprin 70 Series

Enjoy the quality and support you expect from Von Duprin at a mid-price option. Von Duprin 70 Series exit devices provide reliable performance and peace of mind for light commercial applications.

It's available in a wide range of device types, lever designs, options, and finishes. Von Duprin's 70 Series also can be configured with the Quiet Electric Latch Retraction (QEL) option, which provides electronic control of an exit device where limited operational noise is desired.

The Von Duprin 70 Series includes the following models:

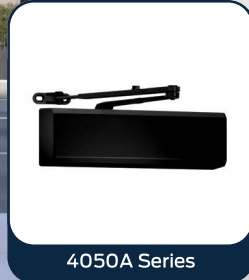

- The Von Duprin 78 Series is a wide stile, Grade 1 exit device.
- The Von Duprin 75 Series is a narrow stile, Grade 1 exit device.
- Both devices feature:
 - A wide range of device types, options, lever designs, and finishes
 - 3' and 4' lengths are field sizeable for single and double door applications
 - Several surface-mounted vertical applications
 - Configurable with the Quiet Electric Latch Retraction (QEL) option

1450 Series

4050A Series

LCN Aluminum Closers

The LCN Aluminum Series contains cast aluminum closers, designed to provide LCN's engineering, quality, reliability, and service for a wide range of light commercial applications. They are ideal for aftermarket replacements due to their common hole patterns, affordable pricing, and quick shipping as part of our ProExpress program.

The LCN Aluminum Series includes the following models:

- 1250 Series (Light Duty)
- 1450 Series (Medium Duty)
- 4050A Series (Heavy Duty)

Thresholds

Weatherstripping

Zero Everyday™

The Zero Everyday line provides practical solutions for your opening and budget. Designed for medium-to-light-duty commercial applications, this series prioritizes availability, affordability, and ease of installation. Features include vinyl gasketing, longer brush options for the repair and replacement market, and mill finish options for low-cost scenarios.

Zero Everyday Series is ideal for projects that don't require premium materials but still demand reliable performance from a brand you trust.

Products in the Zero Everyday line, include:

- Thresholds
- Nylon Brush Door Sweeps
- Vinyl Seals
- Self-Adhesive Weatherstripping

Perfect Balance of Performance & Value

For the everyday demands of the commercial real estate, retail, multifamily and hospitality industries, Schlage, Von Duprin, LCN and Zero International offer dependable door hardware solutions that balance performance and value.

From smart locks and mechanical hardware to closers and sealing solutions, this trusted lineup is built for hard work where it counts.

**Every door. Every detail.
All within reach.**
