Small/Medium Business
Mechanical Security Solutions

Trusted, dependable brands, tailored for small business security.

Small businesses need strong security that fits tight budgets. Allegion's Performance Series delivers a balanced, cost effective alternative to one size fits all upgrades. Combining the trusted brands of Schlage, Von Duprin, LCN, and Zero into a single source portfolio, the series provides commercial grade protection while lowering lifecycle costs.

HOW TO ORDER Click to jump to section

Consider **Overtur for Facility Management**

Overtur™ is a cloud-based platform that provides a single source of truth for every opening, delivering real-time visibility, tighter control, and consistent compliance across the building lifecycle.

Overtur streamlines procurement and maintenance, reduces risk and costly errors, and enables faster, more confident decisions about security and key management.

Overtur Data Sheet

Visibility

Know what's installed and happening across every opening.

See hardware sets, instructions, photos, notes, and memos by opening. And, use Overtur OnSite to view openings in the field.

Complimentary

Key system design:

Manage openings from uploaded door schedules and plans, export complete master key schematics and schedules with configured part numbers, and access the Overtur OnSite mobile app.

Complimentary

Key system design + manage bitting and pinning:

View and request available bittings with rapid results, access on-demand bitting lists and pinning charts, and import key symbol descriptions linked to openings.

OVT-KEY-1YNEW-T1
(one year subscription)

All Level 1 features + key control:

Manage key lifecycle with serial-number tracking, keyholder lists, and customizable status filters, plus create and assign key rings and store agreements as attachments.

OVT-KEY-1YNEW-T2
(one year subscription)
